Dear Elaine:

Enclosed is a list of all the gift books we have currently on inventory. Beside each title I have written in the percentage discount. Please remember that this discount will only be honored if twenty copies or more of a single title is ordered.

Unfortunately, we can not give discounts on all the publications. We can only give discounts on the books we publish ourselves (Guiding, Smart Girls, and Full Flowering). The other publications do not belong to us, we only distribute them for the publishers.

If I can be of any further assistance to you, please contact me, or Donna Munroe Sweet, at the above telephone number.

Sincerely,

Becky Essick
